Make sure to submit correctly the proposal. Only the teams that will attach a valid document will receive a participation certificate.

Upload your proposal here, the written proposal must be a pdf file.
Keep in mind that the experimental proposal and the outreach activity (if you wish to add one) should sum up at most to 1200/1250 words.

If you wish to submit a video proposal, please do it here. You must upload your video to YouTube (or Vimeo) and write the link here.

Give us the correct postal address of your team coach or the person who will receive the prizes in case your team will win an award.

Fill this section with the details of the person who could receive the prizes if your team will win an award. Keep in mind that all this information **is** necessary and that we won't ask for them again in order to speed up the shipping process. The recipient does not need to be a team coach.

POSTAL ADDRESS *

Please provide your CORRECT postal address preferably of your school or organisation to send you possible prizes. For cross country teams, please select a unique address.

Help us improve the competition by answering the final survey

Fill this section with information about the submission process and the competition itself. Note that only the questions marked with a red star are mandatory.

SURVEY *

Was the submission process easy to follow, comprehensive and clear? *

Easy

Please tell us what could be improved (Optional)

Has/have your school(s) already participated in the competition? *

Yes

Did the students already know about CERN and DESY and their research? *

Most of them

Where did you hear about the competition? *

Online or Social Media

Are you aware of a teacher or student network where BL4S could be advertised? If yes, which one?

We would really appreciate your feedback about the competition itself and the online events that we organise for the pre-registered teams.

The organisers of BL4S are very interested in the impact of the competition on the teams that do not win the invitation to CERN or DESY. Please let us know to what extent the participation has helped the students in your team to deepen their knowledge about particle physics and STEM subjects in general. Please let us also know if you allow us to contact you to discuss ideas for improving the impact of BL4S

How many of your team members would like to follow studies/careers in STEM (science, technology, mathematics, engineering)? *

4

Have you been in contact with the BL4S team or with the BL4S national contacts? *

Yes

How many hours has your team spent in the proposal preparation? *

40

Do you have other comments?

Did you attend the online events for pre-registered teams? Do you have suggestions or comments to improve them?

Do you consider Beamline for Schools a valid educational offer? Why?

I have read and agree to the BL4S Terms and Conditions for 2023 and the CERN Privacy Notice governing the processing of personal data by CERN in the context of the Beamline for Schools Competition submission of proposals *

Yes

Thank you very much!
